BRODHEAD

Miss Sallie Purcell is visiting relatives at Lancaster this week.

Rev. Livingston, of the Brodhead section, filled his appointment at the Christian church Sunday.

Mr. Albright, the editor of the Mt. Vernon Signal, was with us Saturday. He has many friends in our town who are always glad to see him come.

Bro. Pike preached at the M. E. church, for Bro. Stinnett Saturday evening. Bro. Livingston and his people were out to hear him. The preachers of our town all go to hear each other and get along well together.

Our clever, accommodating operator, Mr. J. B. Farmer, has been changed from this place to East Bernstadt. Our people dislike to give him up, and we are glad as he gets an increased salary for his labor. It is said that Wm. Pettus will take his place at this point, and Mr. J. R. Cass will get Pettus' place as night operator.

Rev. J. W. Masters, the representative of the prohibition cause in this part of the State, was with us again Tuesday evening and made another strong appeal to our people to become active workers for the righteous cause of prohibition. This warfare against the liquor traffic was inaugurated nearly one hundred years ago by our forefathers and mothers. They found at the outset these forces arrayed against them; appetite, superstition, ignorance, the church (with few exceptions,) wealth, political power and the demagogues. But with all these tremendous obstacles arrayed against them, these men and women, with a heroism that has never been excelled, with self-sacrifice and devotion that challenge the admiration of the world, with a long list of martyrs that have fallen at the hands of the assassin and the mob. They have gone through a campaign of near-one-hundred years, and this has been their achievement: They have so reversed public opinion as to the beneficial effect of strong drink for the man outside of the trade, that the traffic has few defenders, to speak out in its favor. And those who oppose the prohibition policy now, oppose only their methods and not the principle.

This party has made the medical world acknowledge their mistake as to their views on the great medicinal properties of alcohol, many of the eminent of their profession denying any virtues whatever to alcohol, as a medicine, that cannot be supplied by other medicine.

While its friends claim now in a few cases only that its use is advisable and they are preparing to rapidly surrender their whole position. It has been

driven from the church, until but few pulpits will now defend the drink habit, and none of them the drink traffic. It has been driven from the army and navy "as a nation," and almost from the "canteen."

And it is almost driven out of all the great corporations, of our country; nearly all our corporations and business firms are refusing to employ men who drink. The traffic stands today branded as a foe to man, a foe to our country, a foe to God and a friend to anarchy. It has been driven out of some of our States and Territories.

Now let us look at the forces that are now generating public sentiment to a greater or less extent against the liquor traffic in this country; the church the Sunday school, the young people's union, the good templars, the woman's christian temperance union and the prohibition party—the party that has never defended the license system, has never equivocated, has never compromised, and after twenty-five years in storm and battle, amid division, scorn and misrepresentation, trusting in the same God who in all lands and in all ages, has always given victory to those who have stood for the right. They are still looking forward with confidence and faith to the coming of that bright morning when the church bells of this nation shall ring out all over this land, proclaiming the glad news of the victory of this cause over the relic of barbarism and sin—the legalized liquor traffic. I think that this party has much to encourage it. The signs of the times are that God is moving on the line of the destruction of the saloon.

We see this in the recent action of Congress, in the Anti-canteen law—for which we thank God and Congress! Also in the ban put upon the traffic by so many organizations, and in the demand for total abstinence in employees now made by many business firms. We also see in our school laws, declaring that ignorance shall not exist among our people, regarding the evils of narcotics, alcohol, and the relation of the laws of health and morality.

God has said this evil must go, and He has also said we must all appear before the judgement seat of Christ and give an account for what we do in this matter, and then as professed christians, both democrats and republicans, and in view of the judgement day, let us ask God to help us to see our duty and then give us enough grace to stand by the right thing and do it.

Now this is no fancy sketch but a terrible reality, and will we not as christian voters, consecrate this God-given, rights of weapons—your ballot, to the destruction of this greatest of foes to human life, and to our Master's kingdom, the liquor traffic. God help us, one and all to do our whole duty.

Dr. Elmer Northcutt and J. M. Nave have stopped the drill on their land on Copper creek, at a depth of eight hundred and ten feet. FROM a little wooden track line along the Lackawaxen Creek, where the first locomotive in the country had its trial in 1829, the railroad system of the United States have grown in 73 years to a network of rails which, straightened out, would make a single track extending eight times around the world: Visualize this eight-fold girdle. Beside it a new track is progressing 12 miles a day on the ninth circuit. On every five mile stretch is a locomotive with a train of eight cars. There are five men at work for every mile and 240 new men coming to work every day. The road carries more tonnage than all the ships on all the seas together with the railroads of the busiest half of Europe. From the lines that make up the imaginary manifold belt one wage earner out of every fifteen in the country, directly or indirectly, is deriving for himself and his

ADMIRAL SCHLEY, the hero of Santiago, was given a royal reception in the Falls City yesterday and day before. Although a majority of the Court of Inquiry decided against the Admiral, yet the enthusiastic ovations given him every where by the great masses of the people, means more than the decision of any two or three men. A hero is he and from him can never be taken the honor which he so justly deserves.

THERE are now twenty two representatives of the Louisiana Purchase Exposition and ex-Kentuckians in the state, asking for a liberal appropriation for the State's exhibit at the World's Fair, which will take place at St Louis next year. An exhibit worthy of the name of Kentucky is what we ought to have and the desire of every enterprising Kentuckian is, that an appropriation sufficient to meet this demand be made.

Our republican friends need not rejoice so much over Schley's declaration that he wants no civil office. He has never turned a deaf ear to the call of duty, and it may become his imperative duty to hold a high civil office.

LEVEL GREEN

Our beautiful land has been flooded with snow and water for the last three days, the ice doing much damage to orchards, especially peach trees.

The wheat crop, though small at first, has suffered much from severe freezing, some fields being nearly destroyed.

MARRIED.—Last Thursday, at the residence of the bride's father, Mr. Squire Thompson, Miss Martha Thompson to Mr. Elmer Ping, eldest son of Eli Buck Ping, Rev. D. R. Gentry officiating.

The meeting in "Gooch Town," which has been in progress for many days conducted by Rev. J. L. Davis, still continues with increasing interest; many having embraced or accepted his teachings. Bro. Davis is certainly a wonderful preacher when we consider his poor education. He has great success as a revivalist, nearly everywhere he preaches.

Prof. Teague gave up his school at this place to Sam Brown, who will continue to run it for the winter at least.

We learn, by card from our daughters, Ida and Sally, that all arrived safe and in due time at McAlister, I. T.

HEAD NOISES CEASE IMMEDIATELY.

F. A. WERMAN, OF BALTIMORE, SAYS:

"I have been entirely cured of deafness, thanks to your treatment. I will now give you a full description of my case, to be used at your discretion. About six months ago my right ear began to ring, and this kept on getting worse, until I lost my hearing in that ear entirely. I consulted a number of physicians, among others, the most eminent ear specialist of this city, who told me that only an operation could help me, and even that only temporarily, that the head noises would then cease, but the hearing in the affected ear would be lost forever. I then saw your advertisement accidentally in a New York paper, and ordered your treatment. After I had used it only a few days according to your directions, the noises ceased, and to-day, after five weeks, my hearing in the diseased ear has been entirely restored. I thank you heartily and beg to remain Very truly yours,

Walker Owens is attending the Louisville Hospital of Medicine.

Messrs. W. C. Mullins, Sam Ward and Tony Brooks were here Tuesday.

Charley McKenzie and F. L. Thompson, Jr., are now members of the bank.

Mr. J. W. Baker passed through Monday en route to Louisville to buy new goods.

Mrs. Cleo Brown left Monday for Stanford, where she will open a first-class millinery store.

Mrs. Fred Hahn orders the Signal sent to her daughter, Mrs. Minnie Cook, at Fort Wayne, Ind.

Lester Hilton, a splendid young man of Brodhead, was one of the additions to the College this week.

Mr. and Mrs. Elmer Houk spent Sunday night with their grandparents. Mr. and Mrs. James Houk, Sr.,

Miss Alberta Hilton, of Brodhead, has accepted a position as clerk in R. H. Batson's store.—Record.

F. L. Thompson went to Livingston Tuesday night to attend a meeting and big blow-out of the Red Men.

Mesdames Joe Purcell, J. R. Cass, Lou Purcell and Miss Sallie Purcell visited relatives here the first of the week. The latter two went from here to Lancaster to spend three weeks with the family of Mr. Fred Stone.

Flem Garrett, who used to be express messenger between Richmond and Livingston and also agent at Livingston and later agent at Winchester, and by the way a mighty good man, has lately returned from Colorado where he had gone to recover his health, is reported to be in the last stages of consumption. He married a daughter of Wm. Fish of Madison county.

We notice in the last issue of the Record, a letter from our old friend and neighbor D. C. Pullins of Conway. We are glad to know that he is well pleased with his mountain home sitting by an old fashion wood fire roast his shins, for if any body ever did enjoy a thing of that kind he certainly does. I am in hopes he has struck it rich, the prospect for oil is good and gas will be found in paying quantities since Dave has located there.—Paint Lick Cor. Record.

Sam Pennington is at home, and says he will leave London and take up his abode in Middlesborough.

News comes from Alton, Ky., that Judge P. D. Colyer is getting along nicely in the mercantile business.

Miss Pearl Mullins, a beautiful young lady, of the Level Green section, paid this office a pleasant call Saturday and left her subscription for the Signal.

L. T. Houk and son, John, of Jamestown, Ind., spent Saturday and Sunday here, leaving Sunday night for Ashville, N. C., where the latter went for his health.

Dr. W. J. Edmiston, of Crab Orchard, was the only physician present to attend the meeting of the Southeastern Kentucky Medical Society, which was supposed to have been held here last Friday.

Mrs. Sallie Williams will leave Sunday night for Cincinnati to lay in her Spring stock of millinery. She will be gone one month and trim in the house during that time. Mrs. Ellen Butler will have charge of her store.

LOCALS

Affidavits by telephone are now being made in this county.

Marriage license were issued yesterday to George Adams and Miss Lizzie Jones.

CLOSED.—W. M. Owens says the singing school, which has just closed at Chestnut Ridge school house, was a great success.

S. C. Franklin has just received a full line of plain and set rings, watch chains charms etc. Everything guaranteed to be solid gold.

DEAD.—Charley Harris, who was shot near Middlesborough a few days ago, died yesterday. He was a grand-son of Uncle Ashley Owens.

POLICE JUDGE.—Judge J. B. Fish has resigned as police judge of the town of Mt. Vernon, and the Governor has appointed J. J. Ping, who has already received his commission.

MARRIED.—Mr. G. W. Brooks and Miss Bettie Willmott boarded the train at Brodhead yesterday morning for Jellico, where they were married yesterday afternoon. Mr. J. H. Dunn accompanied them. A picture of the bride and groom will appear in our next issue.

TONIGHT.—The Rev. Dr. Thomas Terhune will lecture at the College chapel tonight. Subject: "The grown up baby." Admission only 10 cents. Let everybody attend, as this is the first of a series of lectures, which has been arranged for the benefit of the College.

COINING MONEY.—William Hicks was on Saturday's train returning from Cincinnati where he had been to perfect a big oil deal. In speaking of his oil interests in Knox, he said, he was offered \$2,500 profit for one little farm which he had bought near one of the wells, which his company had put down. Only a short distance from Barbourville a farm of 40 acres was bought by a Standard oil man for \$4000 and before the boom, could hardly have been sold for \$900.

After three years work our fellow townsman James Maret has completed an enlarged map of Rockcastle county which will be ready for delivery about Feb. 15th. This map gives all the post offices, railroads, creeks, rivers, big caves, telephone lines, churches, school houses, highest mountains, State and county roads, and the location of hundreds of farm houses throughout the county. The map is something that our county has needed for many years and will be eagerly sought for by the people.

TELEPHONE.—The following special, which we copy from the Louisville Times, is sufficient to show the advantages to be derived from having a telephone: "Following a precedent set by a Judge of Western Kentucky, Judge S. D. Lewis, of Rockcastle county, took the affidavit of Capt. John Smith, of Livingston, over the telephone between that point and Mt. Vernon, thereby saving Capt. Smith nearly a day and railroad fare. The parties to the transaction are personally acquainted, and the Judge recognized the voice of Capt. Smith."

Nearly every cellar in town is flooded with water.

J. F. Dyre has been sworn in as constable in the 3rd district.

The SIGNAL and Twice-a-Week Courier-Journal one year for \$1.50.

James Baily Adams, who was put in jail some few days ago, on a charge of house breaking, has been ordered to the house of reform for boys.

At 11:36 o'clock yesterday, the jury in the Jim Howard case returned a verdict of guilty and fixed his punishment at confinement in the State penitentiary for life.

Charley and Reubin Cox were held over under a \$150 bond for striking Clell Smith over the head with a corn knife, and Smith for cutting the Cox boys, waived the right of examination.

In the re-districting of the State, it seems that there will be a general swapping about of Rockcastle, both in the Legislative and Senatorial districts, and the indications point to a kick-out into the "bloody" Eleventh.

Giles Carroll was given a life sentence at Williamsburg yesterday, for the murder of Lee Smith last November. This is the third life sentence that has been given from the Whitley Circuit Court, within the last week.

Rev. J. W. Masters, State Prohibition Evangelist, preached at the Christian church Wednesday night, and delivered a lecture last night, his object being to organize a prohibition alliance at this place. Out of a fairly good audience, there were to be found only six who would take the pledge.

Judge Williams was asked whether or not any Cincinnati parties had purchased the Pine Hill Mines and would operate them. He said, "as the representative of Mr. L. Metesser, I can say that no Cincinnati party or parties has had anything to do with the negotiation of the Pine Hill Mines, but for two years. Mr. L. Metesser has had an option on all this land, that he in connection with some Eastern parties have bought it and that it has been incorporated in the name of the Rockcastle Mining and Manufacturing Co. under the laws of the state of New Jersey, that Mr. Metesser has just returned from Philadelphia on some business which required his attention here and he will proceed next week to New York City to float some bonds to improve his property which will be done early in the Spring."

RESOLUTIONS.

At a regular meeting of the Mt. Vernon R. A. Chapter, No. 140, Jan. 27, 1902, the following resolutions were unanimously adopted:

Whereas, It has pleased Almighty God, the Supreme Architect of the universe, the giver of all things, to remove from this imperfect to that all perfect, glorious and celestial world above our companion, R. Lee Porter, who departed this life January 5th, 1902, in the twenty-sixth year of his age.

Resolved, That while we lament the loss of our companion, we submit with reverence to the will of Him who doeth all things well and our faith in Him is such, that while our companion's removal from us seems a mysterious providence to us, we know it is best.

Resolved, That in the loss of companion Porter, this Chapter has lost a true and faithful member, Masonry a worthy brother and the community an honest, upright christian gentleman, and we commend his spirit to the God who gave it, hoping that we may so live that when the Grand Warden of heaven shall call for us, we too may be found ready and may be received into the everlasting kingdom and there enjoy, in union with the soul of our departed friend, the just reward of a pious and virtuous life.

Resolved, That we extend our sympathy to the bereaved father, mother, brothers and sisters, and commend them to the only Being who can give sure consolation in time of bereavement.

Resolved That these resolutions be spread upon the minute book of this Chapter, a copy sent to the family of the deceased, a copy sent to Pleasant Hill Lodge, No. 535, who conducted the burial service by request of his own lodge and a copy of these resolutions be published in the Kentucky Colonel and Mt. Vernon Signal.

College News

Mr. Lester Hilton, of brodhead, was enrolled among the students of the Intermediate department, this week.

The number of students absent on account of sickness this week, is larger than during any previous week. Burdette and Robert McKenzie are yet seriously ill. Walter Mullins is not able to resume his studies, though not confined to his room. Misses Judith Sympson and Jennie Baker are absent this week. Miss May Magee was suddenly called home on Monday, because of the illness of her brother. Miss Maggie Hansel is absent this week on account of sickness. Miss Fannie Sparks is not yet sufficiently recovered from a very severe and obstinate cold, to attend school. Mr. D. B. Chandler is also among those absent on account of sickness.

Miss Gladden Ewers has not returned to school this week, because of the continued illness of of her father. We are glad to note that Dr. Ewers is steadily improving, and hope soon to have him with us again. He has been so much improved in the past week, that Mrs. Ewers has resumed her class-work in the Intermediate department.

Miss Cora Griffin has been so unfortunate as to have one eye somewhat hurt, by a hot coal flying from the grate, and has not been able to use the injured member for several days.

It would seem, from the foregoing, that sickness is the order of the day in College news, but not all of us are sick, as our daily attendance of a hundred or more, can testify. Not even this "combination" weather is enough to thin our ranks to a very noticeable extent, and the work done by our students in all the various classes bears pleasing comparison with that of any body of students anywhere.

The spelling class, of the combined Collegiate and Intermediate students is one of our afternoon features, and continues quite as interesting to its seventy members, as it was last year; a climax being reached at the end of each week, when scores are counted and one side or the other is victor.

The classes in mathematics seem very earnest and are doing quite satisfactory work. The Latin and English classes also deserve special mention.

Misses Bessie Sparks and Leila Lovell, of the music class, are deserving of mention on account of very excellent work in that department this term.

The young ladies will give a piano recital on this afternoon, at three o'clock, in Miss Cox's music room. They will be assisted by Miss Adams and Messrs. Ernest Ewers and Claude Cox. The families and friends of those on the program are cordially invited to be present. The program is as follows:

Duet, "Rose Waltz," Mattie Baker and Miss Cox.
Spinning Song) Misses Griffin and Adams
"Angel's Dream,")
"Gretchen Waltz," Hand in Hand
March, Leila Lovell.
Vocal solo, Mr. Ernest Ewers.
Duet, Bessie Sparks, Leila Lovell.
"On the Lawn," Bessie Mullins.
"Hungarian Battle Song," Frog's Dance, Bessie Sparks.
"Violin Solo," Miss Adams.
"Hunting Song," "In the Ring," Bessie Poynter.
"In the Mountains of Kentucky," Mr. Claude Cox.

The usual meeting of our Philomathian Society will not be held on this evening, on account of the lecture given at that time in the College chapel, by the Rev. Mr. Terhune. All friends and patrons of the College are urged to be present at this, the second lecture of the series, to be given under the auspices of the College during the session.

A newspaper headline says of the head of the steel trust: "Schwab is a lion in Berlin." He must have changed wonderfully, as he is regarded as quite another sort of animal at home.

HOME AND CHILD

Does your horse "feel his
oats"? What a difference be-
tween the grain-fed and the
grass-fed horse! The first
strong and full of ginger, the
second flabby, weak and tired
out before he begins. The
feeding makes the difference.

Children are not alike either.
One is rosy, bright-eyed, full
of life and laughter, another is
pale, weak and dull. The feed-
ing again is responsible.

Sickly children need special
feeding. They don't "feel their
oats". Scott's Emulsion adds
just the right richness to their
diet. It is like grain to the
horse. The child gets new
appetite and strong digestion.

Scott's Emulsion is more
than food. It is a strong
medicine. It rouses up dull
children, puts new flesh on thin
ones and red blood into pale
ones. It makes children grow.

Scott's Emulsion makes ordi-
nary food do its
duty.

This picture represents
the Trade Mark of Scott's
Emulsion and is on the
wrapper of every bottle.

WOMAN'S RELIEF
A really healthy woman has lit-
tle pain or discomfort at the
menstrual period. No woman
needs to have any. Wine of
Cardui will quickly relieve those
smarting menstrual pains and
the dragging head, back and
side aches caused by falling of
the womb and irregular menses.

WINE OF CARDUI
has brought permanent relief to
1,000,000 women who suffered
every month. It makes the men-
strual organs strong and healthy.
It is the provision made by Na-
ture to give women relief from
the terrible aches and pains which
blight so many homes.

GREENWOOD, LA., Oct. 14, 1900.
I have been very sick for some time.
I was taken with a severe pain in my
side and could not get any relief until
I tried a bottle of Wine of Cardui. Be-
fore I had taken all of it I was relieved
I feel it my duty to say that you have a
wonderful medicine.

For sale and literature, address, giving sym-
ptoms, "The Ladies' Advisory Department," The
Chattanooga Medicine Co., Chattanooga, Tenn.

A paper published in Tokio,
Japan, recently contained the fol-
lowing curious matrimonial "ad."
"I am a beautiful woman. My a-
bundant undulating hair envelops
me as a cloud. Supple as a willow
is my waist. Soft and brilliant is
my visage as the stain of the flow-
ers. I am endowed with wealth
sufficient to saunter through life
hand in hand with my beloved.
Were I to meet a gracious lord,
kindly, intelligent, well educated
and of good taste. I would unite
myself with him for life and later
share with him the pleasure of be-
ing laid to rest eternal in a tomb of
pink marble."—Rambler.

One of the campaign stories that
floated through the cloak room
recently, says the Washington Post,
related to Senator Fairbanks, of
Indiana, and Governor Shaw, of
Iowa, the newly appointed Secre-
tary of the Treasury. According
to the story these two orators were
stumping Kentucky.

After a successful meeting the
Kentucky colonel, who had the two
republican statesmen in charge, in-
vited them into the hotel bar-room
for some refreshments.

"What'll you have?" he asked
Senator Fairbanks.

"A little cold Appollinaris," was
the reply.

"And you?" said the host to
Governor Shaw (who is a good
Methodist; and resides in one of the
best dairy counties of the Hawkeye
state.

"I think I shall have a glass of
buttermilk."

The barkeeper turned to the
Kentuckian.

"What shall I give you, Colonel?"
he asked.

The Kentucky gentleman heaved
a long sigh. "Under the circum-
stances," he said, "I think you can
give me a piece of pie."

Adjoining Counties

At Williamsburg, Paris Shotwell
was given a life sentence for the
murder of Hiram Baker at Corbin
last Christmas Eve.

On the 24th, Thos Turpin, son
of N. B. Turpin, Judge of the
Madison County Court, was run
down by a freight train at Pitts-
burg, Penn., and badly mangled
Judge Turpin left immediately for
Pittsburg to attend him.—Evening
Post.

The skeleton of a man was found
about one mile from Hazel Patch,
Laurel county, Monday. By him
was found \$4.25 in silver, a comb
and tooth-pick. In the back part
of the skull was a hole, which
shows that he came to his death
by a pistol shot. There is no
identity whatever, as to who it
was, and no clue as to who did the
killing. A similar case occurred
near the same place about ten years
ago.

Mr. A. J. Sears, father of the
young girl who was seduced away
into paths of ruin by her brother-
in-law, B. Herrin, a few weeks ago,
succeeded in rescuing his child.
The eloping couple were traced
through Tennessee, Georgia and
back to Jelico, Tenn., where they
were placed under arrest. The al-
most distracted father made haste
to that point and received his thor-
oughly broken-hearted and repent-
ant daughter into his arms and
took her to his home at Level
Green. Herrin was left in custody
of officers and is reported to have
said that, if he thought he would
never see his wife and child he
would die by his own hand. This
is a particularly sad case, a triumph
of Satan and warning that should
impress its lessons upon every
young and thoughtless girl in the
community.—Somerset Journal.

DEATHS.

Mr. Harry M. Weldon, the well
known sporting editor of the Cin-
cinnati Enquirer, until two years
ago, died Monday night at his
home in Circleville, O., from a
stroke of paralysis. Mr. Weldon
was a cousin of A. W. Soward,
foreman in this office.

have been temporarily suspended,
